

Clearly. Simply.
Better.

Senior System Developer (Ottawa)

About NCI:

Natural Convergence Inc. (NCI) provides web enabled IP Voice solutions to telecommunications service providers that are targeting small business markets. Natural Convergence was founded in April 2001 with corporate headquarters in Ottawa, Ontario, Canada.

Position Mandate:

A senior system software developer position in the R&D team for our hosted VoIP key system product, the successful candidate will be required to develop and support system level features, and to evolve the platform and high-availability architecture. This position involves full lifecycle development including design, implementation, and support. Familiarity with carrier-grade software development methodology and high-availability system design is required.

Requirements

- UNIX/Solaris, C/C++, Java, scripting, high availability, telecom, VoIP

Knowledge in these additional areas would be an asset:

- 7+ years of software development experience with a clearly demonstrated ability to deliver high quality software on schedule.

Background:

Natural Convergence offers a competitive salary and sales incentive program, excellent benefit package, including Stock Options.
